

FERDCO PRO2000 SUPER BULL

The “**ORIGINAL**” made since 1995 and the most copied Leather Sewing Machine. Pro2000 can sew up 7/8” leather and 346 thread. Unique patent pending parts to eliminate skip stitching on thick material.

Needle 794 size 130-280

Space right of needle 420mm

Max Stitch Length 11mm

TAKE CONTROL

Powerful servo motor and speed reducer produce increased torque making it easy to sew slowly and with control on heavy leather. Sewing skirting and lining is a breeze. Precise control of the machine is possible on heaviest material

Ferdco Company purchased by Hoffman Brothers Chicago, Ill.
